"This is to confirm my knowledge of Mr. Al Saloum in both the professional & personal arenas. Al Saloum has excelled not only as a developer, including several roles in which he served as the lead, but also as a mentor and advisor among his colleagues. He has been commended frequently, not only for the high quality of work he delivers, but also for his attentiveness to detail, personal initiative, & reliability : hence, welcoming any challenge."

Teresa Bozzelli

Partner

Booz, Allen & Hamilton Inc.

"I have known Mr. Saloum since April of 1998, when he first met with myself and some other members of our Booz-Allen and Hamilton team. I found Al to be very intelligent, technically qualified, and possessing solid communication skills. Al has distinguished himself as a highly competent and reliable source. He has proven to be an asset to our team as well as to all of the projects & clients that he supports. He has provided expertise in an area in which our team was previously lacking, and he is a very productive part of any project with which he is associated. I would be happy to have Al work on any project, which I direct.
